Report on the Financial Statements

We have audited the accompanying financial statements of Housing Unlimited, Inc., which comprise the statements of financial position as of September 30, 2021 and 2020, and the related statements of activities and changes in net assets, statements of functional expenses and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Housing Unlimited, Inc. as of September 30, 2021 and 2020, and results of its activities, changes in net assets and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 7, 2022 on our consideration of Housing Unlimited, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Housing Unlimited, Inc.'s internal control over financial reporting and compliance.

Notes to Financial Statements

For the Years Ended September 30, 2021 and 2020

1) Nature of Business and Summary of Significant Accounting Policies

Nature of Business

Housing Unlimited, Inc. (“HUI” or “The Company”) was incorporated in 1991 in the state of Maryland as a not-for-profit organization with the mission of providing housing to adults with mental illness. HUI’s goals are to acquire residential housing and to provide housing to individuals at affordable rental rates. HUI is supported by grants and contributions from individuals, companies, foundations, and governments. In addition, HUI obtains low-interest loans from county and state agencies.

Nature of Activities

HUI conducts programs in residential housing and public education. As of September 30, 2021, its residential housing program operated 83 properties serving 228 tenants throughout Montgomery County, Maryland. HUI provides intensive property management support to its tenants, but does not provide medical, psychiatric, or vocational training services. HUI tenants pay rent based on a fixed percentage of their income, not to exceed a certain maximum.

Basis of Presentation

The Company complies with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 958, *Not-for Profit Entities*. Net assets, revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Company are classified in the following two classes:

Net assets with donor restrictions consist of contributions that have been restricted by the donor for specific purposes or are time restricted, including contributions that have been restricted by the donor that stipulate the resources be maintained in perpetuity, but permit the Company to use or expend part or all of the income derived from the donated assets for either specified or unspecified purposes.

Net assets without donor restrictions represents funds that are available for support of the operations of the Company, and that are not subject to donor stipulation. All net assets as of September 30, 2021 and 2020 are without donor restrictions.

Revenues are reported as increases in net assets without donor restrictions unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in net assets without donor restrictions. Expirations of donor-imposed restrictions on net assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as reclassifications between applicable classes of net assets.

Method of Accounting

The books and records are maintained on the accrual basis and accounting principles generally accepted in the United States of America. Under the accrual method of accounting, revenues are recognized when earned and expenses are recognized when incurred.

See independent auditor’s report.

For the Years Ended September 30, 2021 and 2020

1) Nature of Business and Summary of Significant Accounting Policies (Continued)

Revenue Recognition

HUI earns revenue from charitable donations from corporations, foundations and individuals. All donations are considered contributions rather than contracts as commensurate value is not received by the donors. All donations received are unconditional in nature and are recognized as revenue when pledged. Donations are received both with and without donor restrictions. Net assets with donor restrictions are reclassified to net assets without donor restrictions upon satisfaction of the time or purpose restrictions.

All grants are considered contributions rather than contracts as commensurate value is not received by the grantors. Grants received are unconditional in nature. Revenue from conditional grants is recognized as the barriers established in the grant agreements are achieved. Revenue from unconditional grants is recognized when pledged. Grants are received both with and without donor restrictions. Net assets with donor restrictions are reclassified to net assets without donor restrictions upon satisfaction of the time or purpose restrictions.

Rental income is recognized as rents become due. Rental payments received in advance are deferred until earned. All leases between the Company and tenants are operating leases.

Rents Receivable and Bad Debts

Tenant receivables are charged to bad debt expense when they are determined to be uncollectible based upon a periodic review of the accounts by management. Accounting principles generally accepted in the United States of America require that the allowance method be used to recognize bad debts; however, the effect of using the direct write-off method is not materially different from the results that would have been obtained under the allowance method.

Property and Equipment

Property and equipment are stated at cost. The cost of repairs and maintenance is charged to operations as incurred. Major renewals, betterments, and additions are capitalized. Depreciation is computed using the straight-line method over the estimated useful lives of the assets.

Impairment of Long-Lived Assets

The Company reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. If the fair value is less than the carrying amount of the asset, an impairment loss is recognized for the difference. There were no asset impairments during the years ended September 30, 2021 and 2020.

Income Taxes

HUI is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and did not have any unrelated business income for the years ended September 30, 2021 and 2020. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

1) Nature of Business and Summary of Significant Accounting Policies (Continued)

Cash and Cash Equivalents

The Company considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Investments

Investments with readily determinable fair values are reflected at fair market value. Income is recognized from interest and dividends as earned. Marketable securities consist of equity and fixed income mutual funds. The Company's marketable securities are available-for-sale securities carried at fair value based on quoted market prices (Level 1) at the date nearest the financial position date. Unrealized gains or losses are included in the accompanying statements of activities. See Note 4 for more information.

Certificates of Deposit

HUI has invested in certificates of deposit (CDs), which are included in certificates of deposit – reserve for replacement in the accompanying statements of financial position. The CDs are carried at cost, which approximates fair value, and can be redeemed with a penalty. The CDs bear interest between 0.01% and 0.25% and mature between 3 months and 18 months.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Contributed Goods and Services

During the years ended September 30, 2021 and 2020, the Company received donated goods and services of \$2,744 and \$24,496, respectively which were recorded at their estimated fair value on the accompanying statements of activities. Additionally, there was a substantial number of unpaid volunteers who made significant contributions of time to further the Company's programs and objectives. The value of this contributed time is not reflected in these financial statements since the time is not susceptible to objective measurement of valuation.

Functional Expenses

The costs of providing various programs and other activities are summarized on a functional basis in the statements of expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Estimates may be used in developing allocation of expenses by function. Expenses directly attributable to a specific functional activity are reported as expenses of those functional activities. Other expenses are allocated based on the percentage of time spent by Company personnel performing that functional activity.

Grant Revenue

Certain grant revenue, consisting of Community Development Block Grants (CDBG) and HOME Investment Partnerships Program Loans (HOME), must be used by the Company only for the acquisition and rehabilitation of housing for adults with mental illness. Other grant revenue received from Montgomery County is for program services and administrative expenses.

Reclassifications

Reclassifications have been made to the prior year balances to conform to the current year presentation.

Recently Issued Accounting Pronouncements

In September 2020, the FASB issued ASU No. 2020-07, *Not-for-Profit Entities (Topic 958): Presentation and Disclosures by Not-for-Profit Entities for Contributed Nonfinancial Assets*, which will be effective for fiscal years beginning after June 15, 2021. ASU 2020-07 increases the transparency of contributed nonfinancial assets through enhancements to presentation and disclosure. The update includes presenting contributed nonfinancial assets as a separate line in the statement of activities, apart from contributions of cash and other financial assets; disclosure of different categories by type of contributed nonfinancial assets and information as to whether the entity monetized or utilized the nonfinancial assets during the reporting period. The update does not change the recognition and measurement requirements for those assets. Management has elected not to early adopt ASU 2020-07 and will assess the future impact on any contributed nonfinancial assets.

In February 2016, the FASB issued ASU No. 2016-02, *Leases (Topic 842)*, which will be effective for fiscal years beginning after December 15, 2021. The distinction between finance leases and operating leases is substantially similar to the distinction between capital leases and operating leases in the previous leases guidance. Lessor accounting is largely unchanged. For lessees, leases under both categories will be reported on the consolidated statements of financial position as a depreciable right-to-use asset and a liability to make lease payments. The asset and liability should be initially measured at the present value of the lease payments, including payments to be made in optional periods only if the lessee is reasonably certain to exercise an option to extend the lease or not to exercise an option to terminate the lease. The asset will be depreciated, and the liability will be reduced by lease payments. For leases with a term of 12 months or less, a lessee is permitted to make an accounting policy election not to recognize lease assets and liabilities. Management has elected not to early adopt ASU 2016-02 and will assess the future impact on any leases.

2) Concentration of Risk

The Company maintains its cash balances in several accounts at various financial institutions. At times, these balances may exceed federal insured limits; however, the Company has not experienced any losses with respect to bank balances in excess of government provided insurance. Management believes that no significant concentration of credit risk exists with respect to cash balances as of September 30, 2021.

3) Liquidity Analysis

As of September 30, 2021, the Company has \$973,626 of current assets available to meet needs for general expenditures consisting of cash and cash equivalents of \$891,349 and receivables of \$82,277. As of September 30, 2020, the Company had \$1,071,074 of current assets available to meet needs for general expenditures consisting of cash and cash equivalents of \$968,832 and receivables of \$102,242. None of the financial assets are subject to donor or other contractual restrictions and accordingly, are available to meet the cash needs of the Company in the next 12 months.

The Company manages its liquidity by developing and adopting annual operating budgets that provide sufficient funds for general expenditures in meeting its liabilities and other obligations as they become due. Cash needs of the Company are expected to be met from revenues earned. In general, the Company aims to maintain sufficient financial assets on hand to meet at least one year's worth of normal operating expenses.

4) Investments and Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value for assets and liabilities subject to fair value measurement. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Company has the ability to access.

Level 2 - Inputs to the valuation methodology include the following

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

4) Investments and Fair Value Measurements (Continued)

The Company's investments includes investments in mutual funds, which are valued at quoted market prices in an exchange and active market. There have been no changes in the methodology used at September 30, 2021 and 2020.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Company believes its valuation method is appropriate and consistent with other market participants, the use of other methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of September 30, 2021 and 2020, all investments are measured as Level 1 within the fair value hierarchy. The following table sets forth the Company's investments at fair value as of September 30, 2021 and 2020:

	2021	2020
Mutual funds		
Treasury investments	\$ 9,563	\$ 3,795
Intermediate-term bonds	645,742	170,046
Emerging markets bonds	18,996	4,418

Mid-cap growth	37,321	9,176
Large growth	18,882	4,745
Total investments	<u>\$ 949,260</u>	<u>\$ 230,301</u>

For the year ended September 30, 2021 and 2020, the Company had unrealized investment gains of \$5,191 and \$14,199, respectively.

5) Reserves for Replacement

HUI is required to maintain reserve for replacement accounts under the terms of certain mortgages with the Maryland Department of Housing and Community Development (DHCD). The loans require monthly deposits to reserve for replacement accounts held by DHCD. As of September 30, 2021 and 2020, replacement reserves held by DHCD are \$174,704 and \$169,625, respectively.

HUI has created discretionary reserves for replacement accounts which hold additional funds for required repairs. These reserves have no lender restrictions and are comprised of cash, CDs, and investments. As of September 30, 2021 and 2020, discretionary reserves for replacement balances are \$310,738 and \$311,492, respectively. As of September 30, 2021 and 2020, the discretionary reserve for replacements were comprised of \$108,760 and \$184,632, respectively, of cash and are classified as cash and cash equivalents – reserve for replacement on the accompanying statement of financial position, \$75,009 and \$0, respectively, of

Business Risk Factor

In December 2019, a novel strain of coronavirus (COVID-19) was reported in Wuhan, China. The World Health Organization has declared COVID-19 to constitute a Public Health Emergency of International Concern. In March 2020, COVID-19 began to spread throughout the United States. Efforts to contain COVID-19, including restrictions mandated by U.S. Federal and various state and local governments has caused numerous businesses to close or modify their operation in an effort to prevent COVID-19 from spreading more rapidly. Because of the size and duration of this pandemic, the direct and indirect consequences of COVID-19 are not yet known and may not emerge for some time. The future impact of the pandemic is highly uncertain and cannot be predicted, but it could have a material adverse impact on the future results of operations and financial position of the Company.

13) Subsequent Events

Management has evaluated events and transactions subsequent to the statement of financial position date for potential recognition or disclosure through the independent auditor's report date, the date the financial statements were available to be issued. Management has determined that no events occurred as of the report date which requires disclosure in the financial statements:

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Housing Unlimited, Inc., which comprise the statement of financial position as of September 30, 2021, and the related statements of activities and changes in net assets, statements of functional of expenses and cash flows for the year then ended, and the related notes to the financial statements and have issued our report thereon dated February 7, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Housing Unlimited, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Housing Unlimited, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of the Housing Unlimited, Inc.'s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of Housing Unlimited, Inc.'s financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control, that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Housing Unlimited, Inc.'s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Housing Unlimited, Inc.'s internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Housing Unlimited, Inc.'s internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Program

We have audited Housing Unlimited, Inc.'s compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Housing Unlimited, Inc.'s major federal programs for the year ended September 30, 2021. Housing Unlimited, Inc.'s major federal programs are identified in the summary of audit results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Housing Unlimited, Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Housing Unlimited, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance with each major federal program. However, our audit does not provide a legal determination of Housing Unlimited, Inc.'s compliance.

Opinion on Each Major Federal Program

In our opinion, Housing Unlimited, Inc. complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2021.

Report on Internal Control Over Compliance

Management of Housing Unlimited, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Housing Unlimited, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Housing Unlimited, Inc.'s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirements of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a compliance requirement will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of our testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
